A very good finish to 2012 with a 5% increase in passengers numbers compared to December 2011. Even Charter passengers increased by 0.5%. The overall year increase for 2012 was 4.5% and is just short of the 20million mark for the first time since 2008. The freight figures continue to fall but this time only by 1.7% when compared to December 2011
