A reasonably good month in relation to the passenger figures with a 4.4% increase (incl Transit) when compared to October 2011. The Moving annual total is now up to 19.6m, so we are getting close to 20m last seen in June 2009. However, the freight figures are appalling with a year-on-year reduction of 21.5%, and the Moving annual Total is currently down 10%.
