Yet again the increase in passenger numbers is a very satisfactory 9.8% (incl Transit), The moving annual total is just short of 25 million (incl Transit) and will surely break the 25 million figure next month. Again the freight figures increase by over 10% at 11.7%. Interestingly the freight moving annual total is 109,068, though the highest figure in the last 10 years is 170,000 In April 2008
